See my edits - the statement below as modified in Bold is supported by Mr. Krause's time records at B&W for the period from April 28 to July 17, 2000:

Tom,

Thanks again for sending the pre-filing history for the above-referenced matter, which is helping with preparation of the 1.132 Declaration.

With respect to that matter, do you feel the following statement is reasonably accurate?

During the time period from approximately 28 April 2000 to 17 July 2000, Mr. Joseph Krause had a reasonable backlog of unrelated work for at least nine other clients besides AT&T and other matters for AT&T, which he planned to take up in chronological order and carry out expeditiously.

Thanks Tom.

Kind regards,

Mike
